## SHAPING THE FUTURE OF DISPUTE RESOLUTION & IMPROVING ACCESS TO JUSTICE

The **Global Pound Conference (GPC)** Series is a not-for-profit global project, initiated by the [International Mediation Institute](#) that will convene all stakeholders in dispute resolution - commercial parties, lawyers, academics, judges, arbitrators, mediators, policy makers, and others - at conferences around the world. These conferences will provoke discussion on existing tools and techniques, stimulate new ideas and generate actionable data on what corporate and individual dispute resolution users actually need and want, both locally and globally.

The **Mid-Atlantic Session** of the GPC will take place in Baltimore on June 8, 2017. This session is being organized and hosted by the [Maryland Judiciary's Mediation and Conflict Resolution Office](#) (MACRO) and the [Center for Dispute Resolution at the University of Maryland Carey School of Law](#) (C-DRUM), in collaboration with stakeholders from around the region. The session will take place at the Maryland Carey Law School, to allow participants from Maryland, Washington D.C., Delaware, Pennsylvania, and Virginia to conveniently attend.

## Global and Local Partners

Global Partners are leading international or regional organizations who wish to support the GPC Series, but may not be in a position to do so financially. Local Partners are national or local stakeholder organizations involved in ADR who wish to actively support the GPC Series. Global and Local Partners are expected to assist the Central Organizing Committee (COG) and Local Organizing Committee (LOC) in finding appropriate speakers and participants in accordance with the attendance ratios required, and assisting in ensuring that users and key leaders who use and pay for ADR services are invited to speak and/or attend. Global and Local Partners will be expected to send targeted mailings to their members to attend local events and to encourage participation and support by other local and regional stakeholders, whether in person or online. Global Partners will be recognized by the COG and listed on the GPC Series' website, in mailings, and in the programs of all local events, as well as on all final reports. Local Partners will be recognized by LOCs and will be identified in local publications and materials, as approved by the LOC.
